### David Hause of King Pharmaceuticals Wins “Set Course with a CDMO” Sweepstakes

**SAN ANTONIO** (Feb 25, 2008) – David Hause, Senior Scientist, Formulations, at King Pharmaceuticals, Inc., is the winner of the “Set Course with a CDMO” sweepstakes conducted by DPT Laboratories in 2007.

DPT created the “Set Course with a CDMO ” sweepstakes in 2007 to promote its CDMO (Contract Development and Manufacturing Organization) services which helps customers successfully develop and commercialize products by providing fully integrated drug development, manufacturing, and packaging solutions. “Set Course” was a metaphor encouraging customers to let DPT navigate them through the drug development process from concept to commercialization. The theme also tied into the location of where the sweepstakes culminated – The American Association of Pharmaceutical Scientists (AAPS) Annual Meeting & Exposition in San Diego, Calif.

From a variety of potential destinations, Mr. Hause chose a seven-day cruise for two to Alaska for his prize package, which includes all travel and lodging expenses. DPT added a \$500 voucher for things not covered in the prize package, such as excursions while on the cruise.

The sweepstakes was publicized at various trade shows that company representatives attended last year and through customer email notifications. Entries were taken via the DPT website.

The winner was selected in January 2008 by a third-party firm that administered the sweepstakes and drew the winner.
